

Dear Colleagues,

I am very pleased to announce the 40 new tribal awardees (10 IHS areas) for the 2010 Tribal IHS Injury Prevention Cooperative Agreement Program (TIPCAP). The IHS Injury Prevention has funded more than 70 grantees since 1997. The lessons learned over the years has helped to shape the program to foster new ideas, best practices and overcome many challenges with continued benefit to reducing injuries at AI/AN communities (rural & urban), pueblos and villages.

The new TIPCAP grantees will address the two IHS Injury Prevention Program priorities: 1) Motor Vehicle and 2) Fall Prevention. The TIPCAP grantees will employ effective strategies in collaboration with key partners to target specific injury risk and hazards.

Injuries continue to impact AI/AN populations in terms of the leading cause of potential life lost, disability, medical and societal cost. The new awardees are part of the IHS strategy to support tribal capacity building with sustained effort in injury prevention.

For further information on TIPCAP, please feel free to email at [nancy.bill@ihs.gov](mailto:nancy.bill@ihs.gov) or phone 301-443-0105.

Nancy Bill
